Last Saturday, two of our pupils visited Little harbour Hospice. Here is their report:

*We went to Little Harbour Hospice in St Austell because we had made a quilt to present and give to a child there. It took us 8 months to make in Sewing Club. While we were there we had a tour of Little Harbour. There were lots of fantastic rooms, and each room had a name linked to the sea. We felt a little sad to see all the poorly children but it was nice to see that they had such a lovely place to stay.* By Tollana and Hettie

**Parents Portal**

This is a new initiative launched by Facebook called the 'Parents Portal' which aims to help parents, guardians and teachers to be better informed about child safety online.

Children spend on average 3.4 hours a day on their smartphones and nowadays 62% of 11 year-olds have a Facebook profile. This new online platform provides an important resource with a Bullying Prevention Hub, important Parenting Tips, advice and important links to safety experts and the full Parents Portal can be found at [www.facebook.com/safety/parents](http://www.facebook.com/safety/parents). Our local MP, Derek Thomas, supports this new initiative: "Social media has become an increasingly important part of daily life for many of us. This Parent Portal is a welcome tool for parents and guardians who want their children to enjoy this form of communication safely which is why I am so keen to promote it."
