## COMMENTS

Below are all additional comments made by parents  
(no names of pupils/teachers/classes have been given):

- The teaching & support from (teacher) and all staff in (class) has been exceptional. We are delighted with our child's progress in their care. He is a very happy boy who looks forward to coming to school each day. A big thank you!
- I do not know any governors but I know I can find this information on the school's brilliant website
- My child has an ILP which we as parents are working with the school to help with my child's learning and behaviour at school. So far it has already improved things so we are really pleased. We have developed a good relationship with the teachers and feel we can approach them anytime if we have any concerns.
- The school has been great with our individual circumstances and our child's specific needs
- I don't know who the school governors are
- My child's teacher this year has been the best
- My child has really progressed over the last couple of months and we can really see an improvement in their reading, writing & maths. Sometimes it takes some persuading with their homework & reading but they are pleased when they have done it! Thank you all for your ongoing support and hard work. My child seems to really enjoy their experiences at school.
- Our child has only been at the school a short time however, we feel they are making good progress socially and are more confident in themselves. We feel that if they are happy in themselves then good progress will be made academically. The teaching appears to be varied and enthusiastic which again is passed on to the pupils and encourages learning and eagerness to do homework which in itself provides a diverse choice for all pupils.
- At times my child has been kicked by other children and has felt that the teacher's didn't take it seriously.
- My child is thriving – thank you for all your hard work.
- More trips – Minnack etc. More emphasis on sport would be better.
- Just brilliant! Can't fault them or say more. The list of positives is endless.

We thank everyone for taking the time to answer the questionnaire and will now look at ways of improving further in those areas where responses show least agreement – particularly letting you know who the governors are!

(Please look at the school website under the heading Governors for this information initially)

We are pleased that the number of responses has increased this year and that there has been an overwhelming positive response in general.
